Dear Joel:

Following the publication of the "Radio and Press Reaction to Glassboro Summit Meetings" I had occasion to officially comment on the excellent job you did in pulling the report together, and at the meeting of the DDI Executive Council this week we were informed that the Director of Central Intelligence had called our most recent Special Memorandums "the two finest reaction reports" he had seen.

Inasmuch as you were personally responsible for compiling both reports, I am happy to pass on to you the Director's comment along with my personal commendations.

Sincerely,

[Redacted]  
Acting Director
